For additional information, contact: Jarod Fancher at jarodf@merriman-maa.com or 214-347-7421

Vision: Facilitate dialogue among architects and contractors about the needs of the disabled and offer a better understanding of the requirements of the Americans with Disabilities Act.

On May 5, 2016, participants will complete typical daily tasks while being disabled, then share their experience at the end of the day by joining us for a reception where we will discuss each of the disabilities, what we learned the day's activities and how the experience may inform architectural design.

Available disabilities include (1) using a wheel chair, walker or crutches, (2) being blind or visually impaired, (3) being deaf or hearing impaired, or (4) being mute and speechless.
